

Walkie Talkie Radio Fact Sheet

Kirisun PT568 walkie-talkie	
 A black Kirisun PT568 walkie-talkie is shown vertically. It has a long, thin antenna at the top. Below the antenna are two rotary knobs: the left one is for power/volume and the right one is for channel selection. The front face has a speaker grille with horizontal slats. The Kirisun logo is visible on the top part of the front face. The bottom part of the device has a textured grip area.	<ul style="list-style-type: none">• Full power walkie-talkie (4w UHF / 5w VHF)• Ofcom licence needed in UK• Size 115 x 58 x 38mm exc. antenna• Antenna length 100mm (may be longer on VHF version)• Weight 276g inc. battery• Battery 1500mAh Li-Poly• Rotary on/off/volume knob & rotary channel selector• 16 programmable channels• Emergency button with siren sound & remote sending• IP65 - highly resistant to dust and water ingress• Extra loud speaker to make it audible in noisy places• Low battery alert• Integral belt clip• Uses industry-standard "Motorola" style twin-jack audio socket• Comes with battery and drop-in desk charger unit
